KENTUCKY CORRECTIONAL INDUSTRIES

WHAT KCI IS ALL ABOUT

KCI's Mission Statement

To provide inmates with a realistic work experience and teach marketable job skills. This is part of an effort to improve their chances of securing gainful employment upon release from custody, reduce the state's recidivism rate and lower the Commonwealth's resource commitment for maintaining the prison system.

Kentucky Correctional Industries (KCI) was founded in 1954 with a mandate to provide training and employment to state inmates. Today, KCI employs over 400 - 700 state inmates. By giving inmates the opportunity to learn marketable skills and develop good work habits, KCI has contributed to the reduction of recidivism, improved prison safety, and lowered the cost of incarceration throughout the state prison system.

KCI receives no appropriated tax monies and generates all operating funds and expansion capital from industry profits. KCI incurs the normal operating expenses any private company would incur such as utilities, salaries and equipment.

The success of KCI is not only measured in dollars, but in the reduction of the recidivism rate for those inmates trained in our programs. An independent study done by Eastern Kentucky University, College of Criminal Justice, found only 13.5% of inmates who had worked in KCI industries returned to prison, compared to 42% returning from the general population.

KCI is now structured into 16 separate industries each headed by an Operations Manager able to quickly make the appropriate business decisions necessary to meet your evolving procurement needs. In these times of heightened budgetary constraints, we recognize the importance of making wise purchases of products and services. That is why we have formed several important partnerships with nationally recognized suppliers, who work with prison industries throughout the United States. We think you will agree they have enabled us to offer a great selection of competitively priced products and services.

This catalog is a comprehensive overview of Kentucky Correctional Industries. You will find useful information on ordering, pricing and payment options. **When you are ready to place an order contact the sales person covering your geographical location (see map inside front cover) or visit our web site: kci.ky.gov.**

"The success of KCI is not only measured in dollars, but also in reduction of the recidivism rate for those inmates trained in our programs."

***- Toney Bailey
Director, Kentucky Correctional Industries***

KCI POLICIES

Disclaimer

Due to the uniqueness of working with inmate labor within an institutional environment, deadlines or production may be compromised or altered. KCI will make every effort to communicate this to our customers should those instances arise.

Delivery

Due to departmental policies and regulations, KCI is prohibited from delivering to private residences.

Catalog pricing reflects customer pick-up at the Frankfort warehouse loading dock only.

Catalog pricing for items produced at the Garment Plant and the Soap Plant include shipping by a third party entity.

Items delivered by one of KCI's fleet of trucks will have a delivery charge added to the customer invoice. This is based on the number of miles from KCI's Frankfort warehouse to the customer's destination, number of trips and trucks needed for delivery.

Inside delivery and/or set-up is available upon customer request.

- Inside Franklin County \$75.00
- Up to 49 miles outside Franklin County \$125.00
- 50 - 99 miles outside Franklin County \$175.00
- 100 - 149 miles outside Franklin County \$240.00
- 150 - 199 miles outside Franklin County \$300.00
- 200+ miles outside Franklin County \$405.00
- Set in place charge is \$150.00 per hour.

Charges will be added to the customer's invoice.

Please provide the following information when requesting inside delivery and set-up of furniture orders:

- Floor location in the building
- Availability of freight elevator
- Size of elevator
- Are stairs the only access to floor location?
- Width of stairs
- Width of narrow hallways and doors
- Any unusual circumstances regarding the location

Providing this information prior to delivery will encourage efficient scheduling of equipment and personnel to ensure reasonable charges are added to your invoice. Occasional delivery delays may be experienced due to scheduling considerations on all inside delivery and set-up orders.

KCI trucks are scheduled to service areas in Kentucky on a timely basis. Delivery of the order will be made when the KCI truck is scheduled into the customer's area in Kentucky.

Your order may be picked up at the KCI warehouse with prior arrangement.

For Customer Pick-Up

KCI's Warehouse is located at:
1041 Leestown Road
Frankfort, KY 40601
(502) 592-2805

Warehouse Hours are:
Monday - Friday
8 a.m. - 3 p.m.*

*Eastern Standard Time

Other Fees

Cancellations or returns will be subject to a 30% restocking fee.

Custom made items are non-refundable.

Customer Service Department

All KCI products are supported by the KCI Service Department to handle repairs and replacement parts. Please refer to the Limited Warranty and Service Policy for information.

To schedule a service call, contact our Warehouse Supervisor at (502) 592-2805.

KCI POLICIES

Ordering

Orders should be signed by an authorized person and submitted to:

Kentucky Correctional Industries
1041 Leestown Road
Frankfort, Kentucky 40601

or

To the territory's sales representative

Please note the contact person and phone number on all Purchase Orders. Billing and shipping address must be shown on the order. To avoid misunderstandings, the catalog number, as well as the item description must be used. Where color or finish is listed, please designate preference on the order. Do not send check or remittance with the order. Telephone orders are accepted; however, these should be followed by a written order marked "CONFIRMING" to avoid duplication.

Receiving

When merchandise is received, if shipping damage or other defects are noted, please do not accept the merchandise. Please make a notation of the problem on both copies (yours and the driver's) of the delivery form. HAVE THE DRIVER SIGN BOTH COPIES. If a concealed shortage, overage, or damage is discovered later, notify KCI within 15 working days.

Warranty

KCI warrants 12 months (1 yr) with proof of purchase on all wood, metal & seating items to be free from defects in materials and/or workmanship. If any defect is discovered within the 1-year warranty period, KCI will repair or replace (at KCI discretion) the unit free of charge. All service requests must be in writing and directed to the attention of your Sales Representative.

These warranties do not apply to defects caused by abuse, misuse, neglect or alteration of the unit.

Service Calls

If after the 1-year warranty period your unit requires service, repair or replacement, a service call will need to be requested in writing to your Sales Representative.

Pricing

Every effort is made to maintain competitive pricing for all KCI products and services. Changes in material and operating cost will necessitate price adjustments on various items and, from time to time, items are discontinued or styles revised. If this occurs on any item on your order, you will be consulted before your order is processed.

SERVICES

PRINTING

Kentucky Correctional Industries' Printing Plant offers top quality printing at competitive prices. Fast and accurate cost quotations can be provided to you via phone, or e-mail. All jobs are guaranteed to the fullest satisfaction. Our professional staff will gladly offer tips on the most effective way to produce your printed product with the effect and impact you desire.

KCI's print shop provides a broad range of services for the Commonwealth. Our services include, but are not limited to: graphic design & layout, pre-press prep, bindery and finishing work including booklet making, metal and plastic binding, with an inventory of standard stocks and the capability of ordering specialty stock. Our shop is capable of printing sizes ranging from business cards to posters. We offer standard printing and specialize in carbonless forms. We can fill your needs for parking permits, labels and decals.

Our designers can turn your hand written rough drawn ideas into eye-catching works of art. Contact the Operations Manager today for pricing and any additional questions.

We also have teams specializing in screen print design/printing and embroidery.

SERVICES

BRAILLE TRANSCRIPTION

Since its beginning in 2000, KCI Braille Services has earned a reputation as a producer of quality Braille transcription and graphics, delivered in a timely manner. Inmates at Kentucky Correctional Institution for Women must complete a certification course given by the National Library of Congress and must submit a manuscript to be graded before receiving National Library Service certificate in literary braille. KCI Braille Services is fully equipped to create Braille as a finished product including literary proofreading, and large type covers/labels.

**KCI Braille Transcription:
502-241-8454 ext. 2248**

KCI MOVING CREW

No matter the size or the location, if you need it moved we can move it.

The KCI Moving Crew is one of the fastest growing services we offer.

Contact Brad Holt today to schedule your next move.

**KCI Moving Crew:
(502) 592-2805**

E-mail: Brad.Holt@ky.gov

KCI MOVING RATES

- Rates include travel time to and from the Frankfort warehouse.
- Regular Rate: \$200.00
(8:00 am through 3:30 pm, M-F).
- Overtime Rates: 1.5 x the hourly rate (before 8:00 am and after 3:30 pm M-F).
- There is a two hour minimum for all moves.
- There will be a \$500.00 cancellation fee for moves not canceled within 72 hours of its scheduled move date.

RENTAL SPACE

***Looking for a place for your Agency or Cabinet to have a meeting or event?
Look no further than KCI.***

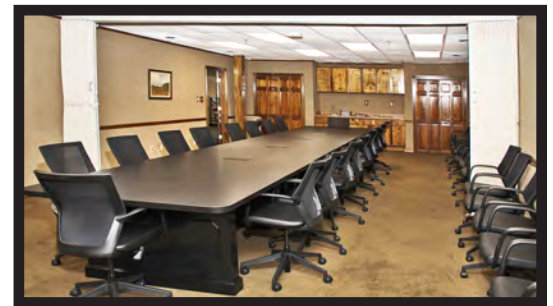

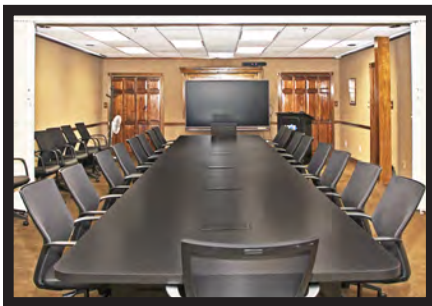

KCI has (2) conference/training rooms and a large showroom available for your needs.
The rooms are available for use Monday through Friday from 8:00am to 4:00pm.

Large Conference/Training Room

Seats up to 30 people comfortably.

Has an electronic white board available for use.

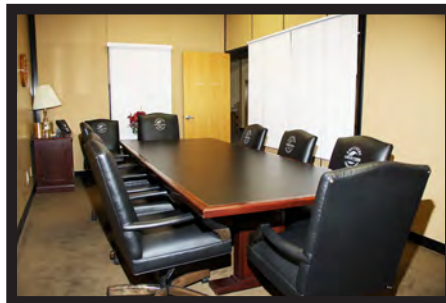

This space is available for \$175.00 for a full day or \$100.00 for a half day.

Small Meeting Room

Seats up to 15 people comfortably.

This space is available for \$75.00 for a full day or \$50.00 for a half day.

Showroom/Event Space

Seats up to 100 people comfortably.

This space is available for \$300.00 for a full day or \$200.00 for a half day.

Set Up/Clean Up Service

Need help with setting up and cleaning up from your meeting or event?
KCI can help with that.

KCI has an inmate staff available for assistance.
Ask for this assistance when scheduling your space.

Billing Made Easy

Payment for use of these spaces will be billed to your agency or cabinet by our Fiscal staff. To pay through emars simply provide your agency number and billing contact email address when scheduling your space and our Fiscal staff will email your invoice with emars payment document listed at the top.

Rather use your state ProCard? We can accommodate that too. Simply provide a billing contact name, phone number and email address and our Fiscal staff will reach out and obtain that information from you and supply you with a receipt after you have been charged.

**To schedule one of KCI's spaces for your meeting or event
please call (502) 782-9562.**

OFFICE FURNITURE

The manufacturing of hand-crafted wood furniture is a scarce and costly art these days. At KCI, we produce some of the most beautiful and affordable wood office furniture available anywhere. Select hardwoods milled from prime cut stock are transformed meticulously into the finished product.

KCI supports and purchases from vendors who practice sustainable foresting and use eco-friendly Sherwin-Williams® stains and finishes. The use of high quality Formica™ laminate, Belwith® decorative hardware, ball bearing drawer slides and a central locking system all contribute to a quality end product.

LEGACY SERIES

The Legacy Series was developed as a vintage style with a modern flair to achieve a modern, contemporary look. Rounded edges and no surface overhangs clean up its lines and affords it a smaller footprint to fit into those tighter spaces.

Key quality details remain the same as KCI's other furniture series: Dovetailed drawers, full-extension ball bearing slides, and black laminate tops are standard features that all add a touch of grace.

LEGACY SERIES

"...our most affordable line of wood furniture"

Legacy Series Black Finish

Legacy Series Antique White

Features

- Can accommodate an adjustable keyboard tray with attached mouse pad *(optional purchase)*
- Locking file drawers with full-extension ball bearing drawer slides.
- Baltic birch plywood dovetail drawers.
- Constructed of heavy duty $\frac{3}{4}$ " birch MDF.
- Fixed shelving on the bookcases.
- Mahogany, Walnut, Antique White and Black finish available.
- Custom colors available. Contact your sales representative for pricing.
- Now featuring black laminate tops for a more durable work surface. *(as pictured in Antique White photo above)*

** May special order different styles of finish hardware*

SEATING

Traditional • Ergonomic • Stacking

It seems that many people under-estimate the importance of a good quality office chair. Considering you spend so much time sitting in your office chair on a daily basis — how that chair supports you and performs should not be taken lightly. KCI can provide your quality seating solutions in a full range of options: *classic traditional upholstered, student seating, ergonomic, task and stack seating, occasional, and lounge.* We even provide a great selection of fabrics to choose from, no matter what your style or budget requires.

RE: Sole Source – OEI Division Products

The OEI Division of Krueger International, Inc. is pleased to offer our various office furniture product lines to Kentucky Correctional Industries. OEI is the sole distributor of these KD (knocked-down) products and markets them exclusively to correctional industry programs. These products were developed and priced by OEI exclusively for manufacture by correctional industries programs across the country. These product lines are not distributed through any type of dealer network; they are not marketed commercially and are not available to the general public.

The unique features of these office furniture product lines are not available from any other vendor. The OEI Division of Krueger International, Inc. is the sole source for these products and is the only distributor of these products.

Please contact me at (920) 468.2298 if you have any questions regarding the above or if you require additional information.

Thank you.

Sincerely,

A handwritten signature in black ink that reads 'Paul VanCamp'.

Paul VanCamp
OEI Administrative Manager

CC: C.A. Wilkerson

Products represented by Bay Product Development, LLC, dba Bay Product, are exclusively available to Correctional Industry programs.

Through Bay Product, Kentucky Correctional Industries has access to all finished products, components, sub-assemblies, and materials Bay Product offers.

All of our manufacturing partners operate under an exclusive partnership, representation and/or distribution agreement designed to provide proper support and pricing to Correctional Industry programs across the country.

Bay Product is designed solely to support Correctional Industries and their mission, while creating a responsible sourcing relationship and providing the necessary support and training services required to successfully support the end user customers.

Individual exclusivity agreements for Correctional Industries, agreed on between Bay Product Development, LLC and each partner supplier, are available upon request.

Best Regards,

A handwritten signature in black ink, appearing to read "K. Schneider", is positioned above the typed name.

Alt3 Seating

Mesh Task Chair

Alt3 is the alternative to one design fits-all seating. Because each of its 3 models employs an independent design, Alt3 task and Conference chairs are free to maximize user comfort and support without restriction.

For the fabric task chair, comfort starts with its sculptural open-frame back detail. Not only does this “exoskeleton” provide necessary support and rigidity for the structure, it allows the upholstered back to flex creating automatic lumbar support.

The Alt3 Mesh Task Chair and Conference Chair pursue the comfort and support goal from a completely different angle, offering up elastomeric mesh over a reinforced frame. The mesh provides flexibility, while the frame supplies the rigidity required for real support.

Seat-height controls are also located beneath the seat of all Alt3 chairs for easy operation. For even more supportive comfort the Fabric and Mesh task chairs is also available with an adjustable headrest and arms. The arms adjust vertically and horizontally.

Variety of fabric colors & patterns available.

Conference Chair

Fabric Task Chair

Catalog #	Description	Price
16-ALT3-1	Fabric Task Chair w/ Adjustable T- Arms, Uph. Seat & Back w/Black Frame	\$710

Breathe Task Seating

Dimensions

- Seat Width: 21-5/8"
- Overall Width: 22-3/8"
- Seat Depth: 19-7/8"
- Overall Depth: 25"
- Seat Height: 25-1/4" - 35-1/2"
- Weight Rating: 300

Today’s fast-paced office is the perfect place for the contemporary style and unmatched comfort of Breathe Seating. Sleek styling makes the high-back task chair or stool at home in any organization.

The Breathe line features a sculpted polypropylene back structure wrapped with a double layer of nylon mesh fabric for ultimate support and breathability. A contoured foam seat covered with same soft and durable 2-ply athletic mesh improves ventilation and reduces fatigue.

For even more comfort, users can adjust the seat height and back tension of the chairs with an easily accessible knob and level beneath the seat. The line also includes an adjustable lumbar pad that is built into the chair frame for extra durability.

Lastly, the Breathe task chairs and stools feature a synchronous knee-tilt mechanism with a 2:1 (back-to-seat) ratio. The tilt-lock level can be set in any of 3 lock positions or remain unlocked, allowing the seat to free float.

Breathe Stool

Dimensions:

- Seat Width: 21-5/8"
- Overall Width: 22-1/8"
- Seat Depth: 18-5/8"

ITHACA ULTRA

Seating

Mid-back

Variety of fabric colors and patterns available.

Height Adjustable
T-arms
or
loop arms available

Stool

Because even an accommodating design doesn't suit every application, the Ithaca Ultra is available in multiple configuration. The mid-back task chair has the same complement of adjustments and arm options as the high-back but its additional back height adjustability ensures ideal lumbar support.

The Ithaca Ultra stool also features seat height adjustability and a reclining mechanism with a back tilt lock. An oversized 5-star base and adjustable steel foot ring provide increased stability and security over the its 22-1/4" to 30" height range.

The Ithaca Ultra guest chair may rely upon its sturdy sled base and subtle curves to attract attention, but that doesn't mean it is short on thoughtful features. The mesh back is height-adjustable, and the non-marring poly glides provide stability on a variety of floor surfaces. Even at its most basic, Ithaca Ultra is the smart choice in innovative design.

Catalog #	Description	Price
16-ITHACA ULTRA-1	Mid Back Chair, Adjustable T-Arms, Mesh Back, Uph. Seat & Black Frame	\$534
16-ITHACA ULTRA-2	Mid Back Chair, Fixed Loop Arms, Mesh Back, Uph. Seat & Black Frame	\$530

Navigator Air Task Seating

Spontaneous Seating

Impromptu meeting in your office? No problem, Navigator seats flip-up and chairs nest for easy, out of the way storage. When needed for that spur of the moment meeting, Navigator seating rolls into action.

Comfortable Seating

Whether you need a chair for an eight-hour training session or a two-minute conference, Navigator provides exceptional comfort. Outstanding comfort is due to its flexing back and its thick seat cushion.

Navigator Seating

It will change the way you look at seating. Whether you need a training room chair, conference chair, guest chair or . . . whatever, Navigator Seating accommodates.

Navigator Seating is available, “when you need it – where you need it.” Easy to store, thanks to its nesting capability. Easy to move - thanks to it’s caster design.

Navigator Air Task Seating

Dimensions

Seat Width: 17"
 Overall Width: 27 1/2"
 Seat Depth: 18 1/2"
 Overall Depth: 26 1/2"
 Seat Height: 23"-33 1/4"
 Weight Rating: 300 lbs.

Navigator Air chairs and stools take comfort to a whole other level by mixing an upholstered cushioned seat with a breathable mesh back.

The contoured frame of the back provides lumbar support, while the open weave of the polyester mesh allows air to circulate more freely for greater thermal comfort.

The Navigator Air seating family does more than incorporate modern materials; it projects a modern aesthetic. Details like the black and grey mesh option and the cantilevered fixed arms reinforce the seating's bold geometry and stark color palette.

As important as how the furniture looks, is how it makes you feel. Navigator Air task seating ensures you will always be able to find a comfortable seat effortlessly.

A torsion-bar mechanism gradually increases the resistance as you recline— no tension knob required. The only control below the seat is for the seat height because with Navigator Air, that is only adjustment you need to make.

Catalog #	Description	Price

PILOT™

PILOT XL SEATING WITH LOOP OR T-ARMS

You don't just need a task chair that the "average employee" will be comfortable in, you need a task chair that YOU will be comfortable in - all the time. If you have found that other chairs just don't measure up, **Pilot XL** is ready to welcome you aboard.

Big and tall users will appreciate its expansive 24" wide seat, which like the Pilot Task Chair and Stool, features a waterfall edge to relieve pressure on the thighs and high back that provides gentle support to the entire spine. To further prevent fatigue, layers of plush, resilient foam envelop both the seat and back.

Because it was designed for round-the-clock use, **Pilot XL** won't just be comfortable the first time you use it, it will be comfortable every time. A heavy-duty frame including an oversized steel J-bar and reinforced mechanism guarantee it.

With so many reasons to make Pilot seating your own, the only decision you need to make is where you want it to take you.

Height adjustable arms

Fixed loop arms

Break-away arms

Fabrics shown are examples only.

Fixed loop arms give **Pilot™** a traditional task chair look and feel.

Adjustable loop arms can be adjusted 2.5" in height for maximum comfort.

Pilot's multifunctional mechanism allows you to free float, lock the seat back in a reclined position or lock just the back angle.

Striking from top to bottom, **Pilot XL** features heavy-duty, two-tone universal casters for both hard and soft floors.

SNAP TASK SEATING

Stylish Affordable Ergonomic

Snap seating offers so much more than your average task chair. Because of its foam construction, lumbar pillows for back support, sculpted seat, and the perfect comfort combination of soft seat and firm back, Snap chairs are the most comfortable chairs in their price range.

Beyond its construction, Snap seating delivers a multitude of adjustments to fit the needs of individual users. Snap allows users to adjust back height, back pivot and arm height.

It's more than you would expect from a value line of seating. This version of Snap seating is the ultimate high back task seating with advanced function height and width adjustable t-arms and five hard floor casters.

Height and width adjustable t-arms

Contoured seat and back cushions add comfort and durability.

Fully height adjustable. The pivot mechanism fits the needs of the individual user.

Fabrics shown are examples only.

METAL PRODUCTS

Lockers • Cabinets • Shelving

When you specialize in manufacturing metal products for a high security environment you tend to build and produce items that are very well made if not practically indestructible.

KCI's lockers, shelving and storage solutions borrow from the heritage of our institutional furniture which is built to last no matter the circumstances or application. These metal lockers, shelving units, and storage cabinets are of uncommon quality and built to perform admirably, well into the future.

**Due to recent tariffs

LOCKER INFORMATION

HOW TO READ LOCKER PART NUMBERS

We use “tier” not column and we use “unit” not stack.
For example: Single tier is one door and a double tier is two doors, one above the other.

Also: Single unit is one locker but a triple unit is three lockers bolted together.

Break down of locker part No. 14-1215-7211 (page 54)

14	12	15	72	1	1	No Letter
KSR Metal Plant	Width	Depth	Height	Single Tier	Single Unit	Regular lift handle

Janitorial & PortionPac Cabinets

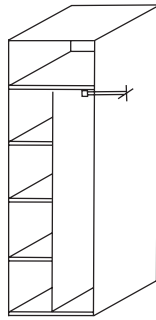

Due to recent tariffs metal pricing must be verified with every order.

Catalog #	Description	Size
14-3421-72-JPP	Double door janitor's PortionPac cabinet with 3 full width shelves and locking handle assembly	34"W x 21"D x 72"H
14-3421-72-JPP-W	Double door janitor's PortionPac cabinet with 3 21" wide shelves, partition and locking handle assembly	34"W x 21"D x 72"H
14-3624-72-JPP-W	Double door janitor's PortionPac cabinet with 3 24" wide shelves, partition and locking handle assembly	36"W x 24"D x 72"H

14-2218-72-W
Regular wardrobe
double door, 1 full shelf at top
locking handle

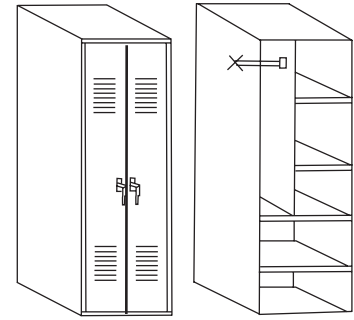

14-2218-72-WDT
Teacher's Wardrobe
double door
locking handle

14-2218-72-WC
Cell (dormitory) wardrobes
single door with hasp plate

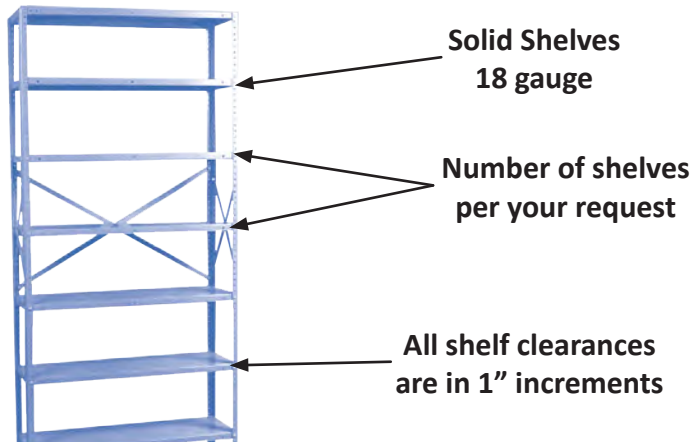

14-2218-72-WCD **14-2218-78-WCD**
Dormitory cell wardrobes
double door locking handle
78" H unit has a 6" H closed base bottom

Catalog #	Description	Size
14-2218-72-W	16 gauge double door regular wardrobe with locking handle assembly, one full 18 gauge shelf at top and full open interior	22"W x 18"D x 72"H
14-2218-72-WDT	Double door teacher's wardrobe with locking handle assembly, one full 18 gauge shelf at top, three 22 gauge half shelves & full length dowel area. (Also used by fire departments)	22"W x 18"D x 72"H
14-2218-72-WC	Single door wardrobe, cell with hasp plate for padlock, has short dowel area, two small 22 gauge shelves & two full 22 gauge shelves at the bottom	22"W x 18"D x 72"H
14-2218-72-WCD	Double door wardrobe, cell with locking handle assembly, short dowel area and two full 22 gauge shelves at bottom	22"W x 18"D x 72"H
14-2218-78-WCD	Double door wardrobe, cell with locking handle assembly, short dowel area and two full 22 gauge shelves at bottom	22"W x 18"D x 72"H

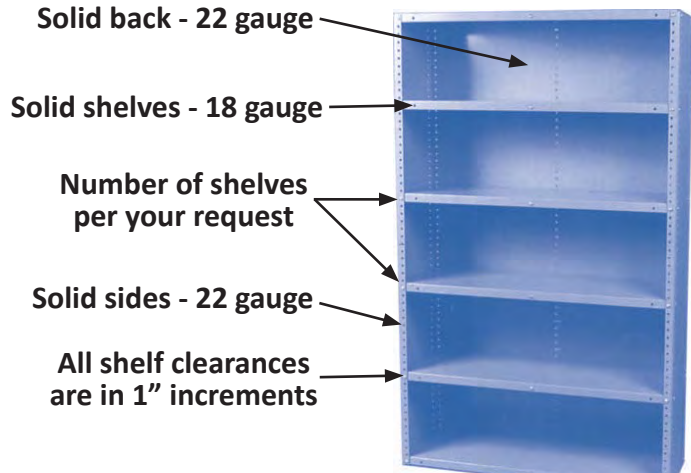

Special Note: the term "cell" in the description area is currently used for all wardrobes. This tends to cause confusion. It would be most helpful to not use "cell" when ordering Regular and/or Teacher's Wardrobes. When ordering wardrobes for institutions "dormitory cell wardrobe" could be used to distinguish between the different configurations.

Load capacity per shelf - Classes 1 - 2 - 3

Order by catalog product number only: It is only necessary to show the catalog product number and color choice on your order.

Send all orders to:

**Kentucky Correctional Industries
1041 Leestown Road
Frankfort, Kentucky 40601
Telephone: 502-573-1040**

Prices: (All prices are subject to change without notice.) We reserve the right to bill at prices in effect at time of shipment.

Specifications: (Subject to change without notice.) All items listed include necessary fittings for assembly unless otherwise noted.

Color: All products have a durable baked on enamel. There are thirty (30) colors to choose from, as shown on pages 66 & 67.

Steel Shelving: All shelving units are constructed of high quality materials in accordance with trade practices. The manufacturing is supervised by qualified, experienced personnel.

Shelves: Are 18 gauge; posts are 11 gauge; backs and sides are 22 gauge; back and side sway braces are 1/8" x 1" round edge flat stock; label holders are 22 gauge; reinforcing angles for shelves are 11 gauge.

Both open and closed type shelving sections are available in three (3) classes for load capacity:

Class No. 1 - light loads - 400 lbs. to 450 lbs.

Class No. 2 - heavy loads - 700 lbs. to 1100 lbs.

Class No. 3 - extra heavy loads - 1300 lbs. to 1800 lbs.

(This is the weight for each shelf - see chart above)

For other shelving requirements contact sales representative.

(Example: sides only; backs only; etc.)

All measurements are in inches.

All shelving is adjustable on 1" centers.

PAINT SWATCHES

THERE ARE 39 STANDARD COLORS TO CHOOSE FROM AND EACH PRODUCT WILL HAVE A DURABLE BAKED-ON ENAMEL FINISH. COLORS SHOWN ARE A CLOSE REPRESENTATION OF COLOR PRODUCT.

Uniforms & Scrubs

The following is a list of the catalog number prefixes that, when ordered, need to be followed by a size and choice of color. For example, when ordering a long-sleeved button-up shirt with collar (polyester blend) in a size 32, Khaki, express the catalog number as: 04-200-32-KH. Similarly, scrub pants in extra large, khaki would be: 04-775-XL-KH. For products, colors or sizes not shown here, (up to 10X possible); please contact your sales representative.

UNIFORMS - POLYESTER BLEND		SIZES		
		14-20	22-28	30-34

PRISON INDUSTRY ENHANCEMENT CERTIFICATION PROGRAM (PIEPC)

We're **Kentucky Correctional Industries (KCI)** with seven statewide factories, over 60 years of proven history and a diverse range of production capabilities. We represent American manufacturing you can count on.

- Locations throughout Kentucky
- Kentucky Labor Force
- Kentucky Manufacturing and Services

Kentucky Correctional Industries is a program that truly “works” in every sense of the word, while providing the added benefit of changing lives.

**Let's Keep
Kentucky Working.
We're structured
for your success!**

PIECP

GET TO KNOW US!

What is PIECP?

- Also known as “PIE” the program operates under statutory authority of the U.S. Congress (18.U.S.C. § 1761 ©).
- Kentucky Correctional Industries is PIECP-certified which exempts it from the normal restrictions on the sale of inmate-made goods in interstate commerce.
- Program parameters are detailed within Kentucky Revised Statute 197.105.

Why Participate?

- The program provides a stable, readily available American workforce in low cost facilities to more competitively produce your products or provide your services.
- Through inmate pay deductions administrative orders for the support of dependents are fulfilled, crime victims are compensated and inmates’ families are supported.
- Inmates gain marketable skills in a realistic work setting which improves their prospects for employment upon release and a successful transition to contributing, tax paying members of society.

**PROVEN EXPERIENCE and
EXPERTISE COUNTS...
AND WE HAVE IT!**

GETTING STARTED...THE REQUIREMENTS

- Inmates will be paid (subject to allowable deductions) the prevailing wage for similar work performed in the locality and benefits comparable to private sector employees (overtime, workers compensation, etc.)
- Your company must certify in writing that the work performed
 - (1) will not displace employed private sector workers;
 - (2) will not be used in skills/trades where a surplus of available gainful labor in the locality; and
 - (3) will not significantly impair existing contracts.
- Prior to start-up KCI must notify organized labor and local private industry, comply with NEPA requirements and obtain written assurances from inmates that their participation is voluntary.
- The Bureau of Justice Assistance (BJA) grants approval for the project once a review of all documentation has been completed.

CURRENT WORK MANAGEMENT STRUCTURE

- **Employer Model:** The private sector partner owns and operates the project (hires, fires, trains, supervises and pays the inmate workforce). KCI assumes no major role in industry operations and exercises limited control over inmate labor performance.

PIECP FREQUENTLY ASKED QUESTIONS

Q: How is a fair inmate wage determined?

A: Demonstration that inmate workers are being paid in at least the 10th percentile of prevailing wages for similar work in that locale is generally required. Inmates cannot be paid below the standard federal minimum wage.

Q: Are inmates entitled to “employee benefits”?

A: Participation in the program is not to constitute an employee/employer relationship with the private sector partner leasing the inmate’s labor. Federal, State, and Local taxes, along with Social Security is deducted from the inmate’s pay, and worker’s compensation insurance is provided by the private sector partner, however no other “benefits” such as health or life insurance must be provided.

Q: Can our company personnel tour prospective sites?

A: Yes. KCI Personnel will arrange and accompany your designated representatives on a tour of any prospective facility.

Q: What about security of our staff working in a prison setting?

A: All state adult correctional facilities employ staff members from many different disciplines who work there every day. Staff who work in these facilities have a responsibility to follow security policies and procedures, which are in place to ensure their safety as well as the safety of the inmate population. Uniformed security staff, however, are employed in these facilities and are directly responsible for maintaining security and order.

Q: Can we utilize tools and chemicals necessary to complete our work?

A: Yes. All of our facilities have very detailed safety plans as well as tool and caustic control policies and procedures.

Q: Can we have deliveries, which would be made to a plant within a correctional facility?

A: Yes. All of our facilities have secure checkpoints/sally ports where deliveries can be made as needed, either by vehicle or on foot.

Q: Can we use tools and chemicals that are owned by the Department of Corrections (DOC) or KCI?

A: No. In the Employer model, the private sector partner would provide all necessary tools, etc.

Q: What about insurance?

A: KCI/DOC maintains insurance on all state owned property and equipment. The private sector partner would need to provide and maintain insurance on parts, tools, machinery, etc. that it owns and which is being used in a PIE operation. As well as providing workman's comp for inmates.

Q: What about shift work?

A: The inmate labor force would generally be available for standard day shift work Monday-Friday; however, in the event that occasional overtime is necessary, it may be approved by the DOC/KCI on an “as needed” basis.

Q: Can we alter, or renovate existing facilities that are owned by the DOC/KCI to meet our needs?

A: Yes. With the prior approval of the DOC/KCI.

Q: Can we hire inmates after they serve out or leave prison on parole?

A: Yes. The purpose behind PIE is to not only provide private sector partners with a skilled workforce, but to assist inmates by providing them with marketable skills and training which will make them viable candidates for careers after incarceration.
